K39617WW

Product Description

Grab your keys. Grab your Portafolio Duo™ and your ready to go. No need to look for your iPhone® or wallet because they're one and the same. No need to worry about an unprotected iPhone either because the Portafolio Duo provides complete protection for all sides and the screen of your iPhone.

Of course protection is just the beginning for the Kensington Portafolio Duo Wallet. That's because it even makes your iPhone more enjoyable to use. The built-in, hands-free stand holds your iPhone in both vertical and landscape modes to make it easier than ever to read email, enjoy videos and FaceTime® chats.

We couldn't call it the Portafolio Duo Wallet if it stopped at holding your iPhone. Inside there's plenty of space for all of your essentials, including credit cards, ID, business cards and cash. But despite offering so much space and protection, the Portafolio Duo Wallet still maintains a slim profile that slips into your pocket.

The Portafolio Duo Wallet offers so much functionality it's almost easy to forget about style—until you take a good look at it.
